

ACUTRACK LAUNCHES PERSONALIZED CD AND DVD PRODUCTS SERVICE

Acutrack, Inc., considered among the leaders in world-wide On Demand CD and DVD production, announced a personalized CD/DVD production that includes authoring, replication and worldwide distribution services.

Livermore, CA -- Acutrack, Inc., one of the largest producer of on demand CD and DVD, announces to launch personalized CD and DVD products that will be mailed directly to the customers worldwide. On Demand Production is a system that allows manufacturing CDs & DVDs - as needed, eliminating the up-front costs normally associated with CD/DVD production.

According to Asheesh Barman, Executive VP who manages the DVD authoring and digital media divisions of Acutrack says, "Customized CD/DVD service will provide dynamic content management, burn-on-demand technology and custom packaging for unique order level messaging that definitely distinguish Acutrack from its competitors."

Todd Shur, Vice President –Sales, Acutrack, Inc. says, "These customized CD/DVDs are fully compatible to integrate with our clients' E-commerce engine and therefore facilitates order processing efficiently."

Customized CD/DVD will have all the features like color printing, many packaging solutions for single or multi-disc sets, Zero upfront investment and Full back end reporting.
