Join the Global Hype

- By joining Logtel as a LATC, you will ensure the quality and fulfillment of your strategy in adopting new trendy telecom training while assuring the technical and professional requirements are met
- Authorizing your training center as a Logtel-Certifying center requires a process whereas by sharing this program with you, we confirm we have identified your center and activity as adequate.
- The authorization allows you to function independently under your own name, but as a holder of franchise rights under the Logtel brand.
- The franchise rights include access to the Logtel material, curriculums, syllabuses, and annual program-updates. In addition you will be provided with student-guide kits and packages in the amount agreed upon enrollment. Student online exams and the access to its system are also included in your franchise rights.
- Essentially, you will be providing up-to-date Telecom training from the professional most popular and clientele-approved material under the Logtel brand. Our escorting and counsel along the way will be at your full disposal

LATC and Triple-T (Train The Trainer) - a winning Formula!

LATCs may train their personnel by going through the Logtel Triple-T program

By enrolling to the Triple-T program you maintain the liberty to nominate exceptional trainers who you wish to provide with the Telecom knowledge & skills

Trainer candidates will apply to enroll into the Logtel Triple-T program, which is the comprehensive and most effective way of entering the Telecom Training world successfully

Once the Triple-T is concluded successfully trainers turn into an LCT (Logtel Certified Trainer) and will gain a personal Logtel-Certification allowing the annual practice of prestigious Telecom Training reflecting the Logtel quality, expertise and training style
